BY THE COMMISSION:

By written requests for funding received November 13 and 19, 2007, Dakota County/South Sioux City Public Safety Answering Point, South Sioux City (Dakota County) seeks funding from the Enhanced Wireless 911 Fund for expenses of implementing and providing enhanced wireless 911 service related to Verizon and Cingular. Dakota County has one public safety answering point (PSAP), which will provide enhanced wireless 911 service throughout Dakota County. The local exchange carrier serving Dakota County's PSAP is Qwest.

Dakota County entered into a service agreement with Qwest for enhanced wireless 911 equipment and services. A copy of the agreement has been provided. In the agreement, Dakota County authorized the Commission to remit all payments for enhanced wireless 911 service to Qwest.

Dakota County now seeks initial costs and recurring costs to implement and provide enhanced wireless 911 service for Verizon and Cingular as outlined in Appendix A attached hereto. Initial costs are for database upgrades, trunking infrastructure and purchase, installation, and testing of circuits for enhanced wireless 911. Recurring costs are monthly fees for database management and for operation and maintenance of trunks and circuits.

This request for funding is being processed pursuant to *Neb. Rev. Stat. §§ 86-444 to 86-456 (2006 Cum. Supp.)*, 291 *Neb. Admin. Code*, Chapter 1, Section 5, and Progression Order No. 5 in Commission Docket No. 911-001, entered July 16, 2002.

Costs requested in the present funding request are eligible under *Neb. Rev. Stat. § 86-86-465(2)(a) (2006 Cum. Supp.)*. All costs have been incurred or will be incurred for the purchase, installation, maintenance and operation of telecommunications

equipment and telecommunications services required for the provision of enhanced wireless 911 service.

Dakota County has submitted a PSAP registration in compliance with Commission Docket 911-001.

Because Dakota County authorized Qwest to receive all payments on its behalf for wireless enhanced 911, the Commission finds that payment should be made to Qwest consistent with the amounts set forth in Appendix A once implementation is complete. Dakota County shall notify the Commission in writing that implementation has been completed with respect to the remaining carriers.

Based upon the request for funding and supporting documentation, the Commission is of the opinion and finds that the request for funding should be granted.

Information set forth in Appendix A shall be treated as proprietary and confidential.

Payment of all recurring charges shall be made in arrears on a quarterly basis. Payment shall be adjusted based upon the number of subscribers and wireless towers reported quarterly as required by Neb. Rev. Stat. § 86-459 (2006 Cum. Supp.). Any adjustments to costs must be approved by the Commission. Additionally, the Commission shall be notified prior to any testing for new tower implementations.

The Commission further finds that Dakota County is on notice and is aware that approval of this funding request is made with the understanding that it may be modified in the future, consistent with the permanent funding mechanism established pursuant to LB 1222 [2006].
